 **CALORIES - 2000 PROTEIN - 166g CARBS - 221g FAT - 50g**

### **Important Tips:**

- Don't eat more or less than what I mentioned in the nutrition plan.
- Drink 1 Gallon of water (3.75 liters) per day.
- Eat in every 2.5 to 3 hours to keep you body in fat zone mode.
- Avoid putting butter/ghee on chapati.
- Avoid artificial sugar and use less salt during food preparation.
- Take last meal around 30-40mins before sleep.
- Avoid adding milk in your post workout shake.
- No fast food junk during this program but you can eat it on day 43rd ☺
- Watch "6 Week Shredded" Nutrition videos for the proper recipe.
- Alternate of Whey Protein is Egg Whites and Soy Protein.
- Another alternate is Protinex and Boost (but don't use to much because they have lots of sugar and carbs)
- **6 WEEK SHREDDED** Workout plan, Nutrition plan and Supplements plan will give you the best look of your life. Separation of any of them won't give you the results.
